**Resort Map:**

**History:**

Chula Vista Resort is owned and managed by the Kaminski family, who have been in the resort business in Wisconsin Dells for the past 70 years. Four generations of the Kaminski Family have led the innovation and expansion of Chula Vista Resort on the Upper Dells of the Wisconsin River.

**Key moments in Chula Vista’s History**

Chula Vista was first built as a vacation home in 1873 by a successful whiskey distiller from Baltimore, Maryland. Over the next 75 years, it expanded to become a hotel and resort, including a golf course.

Joe and Vera Kaminski purchased the Chula Vista Hotel in 1951. They soon built an outdoor swimming pool and sundeck across from the main lodge building.

The next year, Chula Vista introduced employee housing to the Dells when the Help House was built. This housing offers space for 30 students, providing much needed accommodations for college student summer help.

In 1967, the resort is enhanced with a new spacious addition, including a ballroom and cocktail lounge that accommodates 400 people. Chula Vista Resort serves as one of the area’s first meeting and convention sites.

During the 1970s, Chula Vista Resort brings top entertainment to Wisconsin Dells, including musical stars from across the country to perform in the resort ballroom.

Chula Vista Resort opens a new restaurant with expanded dining capacity and a giant fireplace to enhance dining enjoyment in 1981.

***Key moments in Chula Vista's History (cont):***

Four years later, meeting and convention facilities are expanded with 10,000 square feet of new space and movable walls for additional breakout rooms. This new conference center includes a 12,000 square foot indoor pool with waterslide, hot tub, game room, bar, fitness center, and a giant solarium with views of the Wisconsin River and towering Norway and White Pines.

In 1992, Chula Vista Resort added the Adventure Lagoon Outdoor Water Park, an elaborate swimming pool complex with three waterpark style waterslides. A snack bar, outdoor whirlpool, new kiddie pool with a Coyote waterslide, and new sundeck completed the expansion.

In 1999, the Cold Water Canyon Golf Course underwent an extensive update, including a new clubhouse, an additional nine holes, and a new improved irrigation system.

Five years later, Chula Vista Resort undergoes the beginning of a \$200 million expansion that added 400 condominiums to the resort. New streets were built to connect the golf course and other sections of the resort.

In 2006, the new multi-level Los Rios Indoor Waterpark opens. This \$25 million, 80,000 square foot playground is the first multi-level indoor waterpark in the world. It boasts an arcade and two restaurants in addition to memorable water thrills.

The same year, Kaminski's Chop House opens. This restaurant is recognized as one of the nation's greatest steak houses, dedicated to dry-aged, hand-cut beef and excellent wines.

In 2015, Dells Ziplines Adventures opens in a wooded area on the property near the Wisconsin River. The Aerial Adventure complex utilizes the natural height of tall pine trees to provide unparalleled thrills.

In 2020, Chula Vista Resort completes a total rebrand and \$10 million renovation of their hotel rooms.

The same year, Chula Vista Resort purchases a Wyndham franchise and becomes the first indoor waterpark hotel in the Wyndham Trademark Collection Family. This award-winning loyalty program also brings peace of mind to booking a stay backed by the world's largest hotel company of 9,200 hotels.

In 2021, Chula Vista Resort introduces two new thrill attractions. The Ultimate Rush is a giant 15 story high bungee ejection pallet that launches riders high in the sky and bounces them safely back to earth again. The new superhero style Soar Like an Eagle dual racing zipline adventure opens as the USA longest prone racing zipline.
