

## Media Fact Sheet

### What is Dells Zipline Adventures?

Sculpted to reveal the natural beauty of landscape, Dells Zipline Adventures is an outdoor aerial park complex designed to thrill and challenge adventure seekers of varying skills. The park has three distinct experiences set high above the ground including aerial rope courses of wobbly bridges to swings, traditional seated harness ziplining, and the new Soar Like an Eagle superhero, racing prone style of zip experience.

### New in 2021:

Soar Like an Eagle racing prone zipline course – the longest racing zipline course in the USA and the only one of its type that plunges racers into the natural dense forests along the Wisconsin River. From 100 feet in the air, racers fly prone (flat on belly, face first, superhero style) on dual parallel race ziplines into the forests. Zipline course is nearly 2,000 feet long (more than seven city blocks long) and a combination of traditional sitting zipping and prone racing.
